## Astra J LED numberplate light

The newest evolution from R-LED lab:

Thanks to high quality components and OEM GM case we guarantee no water ingress or grid. Assembly on 5 minutes.

You get two OEM/Opel/GM blade cases where already built in the LEDs an our R-LED Check+.

Also perfect for leasing cars.

Our solution with R-LED Check+ has 100% no error message by Astra J. Over 100 cars already use it.

## Astra J LED numberplate light

You get 2 new GM/Opel/Vauxhall cases where the LEDs and Check+ already build in.

So fitting is so easy: Just change the complete case. See manual for more details and pictures
